61st Wyoming Legislature ★ 2011 General Session

HB0011, Wyoming Food Freedom Act.

Sponsors: Joint Agriculture, State and Public Lands and Water Resources Interim Committee

Comments

Repeals licensing requirements for food preparers for certain events which have traditionally not required a license. Overrides a bureaucratic power grab. See also HB8 and HB 228.

This bill reduces costs that would be incurred in inspecting those who grow for CSA's and farmer's markets, or to share with neighbors. Greatly enhances the free market; allows consumers to be responsible for themselves.

Weighted Rating: 1.50. Unweighted Rating: 1.00.
