61st Wyoming Legislature ★ 2011 General Session

HB0025, Eminent domain-wind energy collector systems.

Sponsors: Representative(s) Brown and Steward

Comments

Restricts the use of eminent domain for wind power collection systems to public utilities. Private companies should not be able to exercise eminent domain. On the other hand it does restrict its use in this area.

Eminent domain puts the needs of the group above the unalienable rights of an individual. If you do it in one area, where does it stop? This bill reduces the number of people who can use the powers of eminent domain.

Weighted Rating: 0.50. Unweighted Rating: 0.50.
