Signed by the Governor.

Comments

Clarifies existing practice, that sales tax on oil well services from services themselves includes sales tax on real personal property used in the execution of the services.

Yet another way to tax, making production less profitable and the motivation to produce decrease. While this state relies heavily upon taxation from minerals, before raising or creating new taxes, reduces the size of government.

Weighted Rating: -0.50. Unweighted Rating: -0.50.
