Signed by the Governor.

Comments

Another study to see if the legislature wants to subsidize a favored industry.

The section of this bill that ensures that a business/industry will not harm individuals is part of government responsibility, but the government has no authority to spend public fund to support private business or give special favors to one business over another. Article 16 Section 6 of the Wyoming Constitution states that the State may not give money to any individual, association or corporation .

Weighted Rating: -1.50. Unweighted Rating: 1.00.
