61st Wyoming Legislature ★ 2011 General Session

HB0198, Admissibility of evidence in sex offense cases.

Sponsors: Representative(s) Burkhart and Krone

Comments

Makes evidence of a party's commission of another act of sexual assault admissible in a civil or criminal case about a sexual assault. This has nasty implications for civil rights, especially in front of a jury. More pandering to sex offender hysteria mongers.

Weighted Rating: -2.00. Unweighted Rating: 1.00.
