HB0239, Child caring facilities-certification.

Sponsors: Representative(s) Quarberg

Comments

Allows a home-based child care operator to operate without a license (currently required), but that operation may not get state or federal funds for child care programs.

This bill reduces the limitations put upon child care services. The limitations in the first place and the giving of government funds were not the role of government. This bill is hard to rate because it reduces the effects of an unconstitutional bill.
