HB0257, Popular vote compact.

Sponsors: Representative(s) Throne and Zwonitzer, Dn.

Comments

An end run around the Electoral College. If you want to abolish the Electoral College, fine: seek an amendment to the Constitution. This is an attempt to undermine it. Compare with HJ 4.

This bill takes us farther from the intention of the original Constitution in regards to the election of the President. It would take us farther from the Republic we were created to be and toward a democracy where majority not law rules and one step closer to complete socialism. There was a distinct reason for not having the President chosen directly by the people.
