Signed by the Governor.

### **Comments**

Provides for collection and analysis of economic data at the county level. Ordinarily this would be a -1 as government should not be in the business of collecting economic data; leave that to free enterprise. However, this is supposed to provide better data than the federal data, and is supposed to be useful for debunking exaggerated ideology-driven claims. So liberty neutral.

Weighted Rating: 0.00. Unweighted Rating: 0.00.
