61<sup>st</sup> Wyoming Legislature ★ 2011 General Session

## **SF0013, Change of political party affiliation.**

Sponsors: Senator(s) Jennings and Representative(s) Edmonds and Quarberg

### **Comments**

Makes it harder to cross party lines before a primary. Are political parties private organizations or are they government agencies subject to popular rule and transparency?

While the two party system of our current government allows near tyrannical control, this bill will make party abuses a little more difficult.
