

Wyoming Liberty Index

61st Wyoming Legislature ★ 2011 General Session

SF0111, Game animals-damages.

Sponsors: Senator(s) Geis

Comments

Provides that if wildlife owned and managed by Wyoming infects livestock, the owner of the livestock is to be indemnified. Since game and fish monies come from hunting licenses, not general funds, this is not a case of ripping off the taxpayer to indemnify the injured party.

Weighted Rating: 1.00. Unweighted Rating: 1.00.
