## **SF0154, Plumber licensing.**

Sponsors: Senator(s) Hastert and Representative(s) Barbuto and Blake

### **Comments**

Creates licensing for plumbers. I.e. creates a new oligopoly of licensed plumbers to use their government powers to jack up prices and rip off the consumer and would-be plumbers. Infringes on the right to contract.

More licensing = less liberty.

Yet another invasive regulatory act that creates a monopoly for those who are licensed. Let the market determine who is qualified. This is just another way to tax and control.
