61st Wyoming Legislature ★ 2011 General Session

SJ0003, Health care freedom-2.

Sponsors: Senator(s) Scott, Hines and Von Flatern and Representative(s) Blikre, Brown, Gay, Harvey, Kasperik, Lubnau and Wallis

Comments

A "Health Care Freedom Amendment" that is silent on the federal government and Obamacare, and constitutionalizes all sorts of nanny state intervention by Wyoming into our health care freedom. Sometimes known as "Scottcare" after its prime sponsor.

Right direction but not strong enough to limit federal government interference in individual rights. May even allow federal intrusion.

Weighted Rating: -0.50. Unweighted Rating: -0.50.
