61st Wyoming Legislature ★ 2011 General Session

SJ0008, Property rights.

Sponsors: Senator(s) Driskill

Comments

Good sentiment, which flies in the face of current or proposed legislation giving eminent domain to railroads and wind power companies. Another toothless resolution.

I think that taking private property even for public purposes is infringement upon individual right to own property. So, I am highly favorable toward a bill that prohibits the taking of property, especially for private gain.

Weighted Rating: 1.50. Unweighted Rating: 1.00.
