

Wyoming Liberty Index

62nd Wyoming Legislature ★ 2014 Budget Session

HB0017, Exterior residential storm damage repair contracts.

Sponsors: Joint Corporations, Elections and Political Subdivisions Interim Committee

Comments

More nany state regulation. Also, I don't think this is proper for a budget session.

N: No fiscal or personnel impact. Basically, this addresses the content of storm damage repair contracts with the intent of minimizing fraud in the industry. This bill adds to the legal code, but does not appear to have serious liberty implications for consumers.

Weighted Rating: -0.50. Unweighted Rating: -0.50.
