62nd Wyoming Legislature ★ 2014 Budget Session

HB0057, Collection of unpaid wages.

Sponsors: Representative(s) Byrd and Filer

Comments

Strikes the present exclusion of accrued vacation time from back wages that an employee can collect at separation. If back vacation time is part of your compensation, you should be able to collect it when you leave. This is in the individual right category because it depends on the right to contract.

N: No fiscal or personnel impact. Passage would limit the flexibility of employers and employees to contractually define vacation time as being considered as "wages" or not.

Weighted Rating: 0.00. Unweighted Rating: 0.00.
