62<sup>nd</sup> Wyoming Legislature ★ 2014 Budget Session

## **HB0058, Failure to attend school.**

Sponsors: Representative(s) Byrd

### **Comments**

I wonder if this is related to an incident in Wheatland, where a parent was referred to the police and charged by the DA for truancy when the parent received cancer treatments in Denver, and the child was with the parent and keeping up with schoolwork. In any case, the government schools are so bad that hauling many kids back into them does a disservice to both the child and to the school.

U: The fiscal impact to the judicial system is indeterminable due to an unknown number of cases. Reduces the police power of the government.

Weighted Rating: 1.50. Unweighted Rating: 1.00.
