## 62<sup>nd</sup> Wyoming Legislature ★ 2014 Budget Session

### **HB0068, State cookie.**

Sponsors: Representative(s) Filer and Esquibel, K. and Senator(s) Hastert

#### **Comments**

The only thing to be said for this bill is that the few minutes spend wrangling over introduction were two minutes not spent increasing taxes, not adding to the nanny state, not spent taking our rights away. Otherwise, we paid someone to come up with this?

N: No fiscal or personnel impact. Had this been offered during a general session of the Legislature, this could be viewed as an effort at comic relief and not impactful on Liberty, especially if it was killed before becoming law. Since it has nothing to do with the State budget and was submitted during a Budget Session of the Legislature which is more temporally limited than the General Session, it is a distraction from the primary business at hand and as such, is a mild assault on Liberty.

Weighted Rating: -0.50. Unweighted Rating: -0.50.
