62nd Wyoming Legislature ★ 2014 Budget Session

HB0089, Constituent allowance-large legislative districts.

Sponsors: Representative(s) Larsen and Lubnau and Senator(s) Anderson, JL S28

Comments

Allocates \$10,000 for mileage for legislators "representing districts encompassing large geographic areas", which term is not defined. Certain legislators could do a better job of listening to their constituents; whether this will help with that is problematic.

A: This bill contains an appropriation of \$10,000 from the GENERAL FUND to the Legislative Service Office. A mixed bag. Some will view it as enhancing the voice of constituents in large electoral districts while others will interpret it as incumbent reelection insurance.
