### **Comments**

Adds law enforcement to the list of people who can receive juvenile probation data.

N: No fiscal or personnel impact. Adds provision for disclosure of information by juvenile probation officers specifically to law enforcement. This is an infringement on the privacy of an individual, but it is in keeping with the tone and purpose of W.S. 14-6-306. To call this other than Liberty neutral would require the bill to address the entire philosophy behind the juvenile justice system.
