62nd Wyoming Legislature ★ 2014 Budget Session

HB0144, Shopping cart stowage obligations.

Sponsors: Representative(s) Esquibel, K.

Comments

The nanny state strikes a new low.

N: No fiscal or personnel impact. This bill overtly increases the police power over push carts! During a general session, this would probably rate neutral, but during a budget session, an effort to increase police power over such an immensely significant (NOT) area is worth being dinged!

Weighted Rating: -1.00. Unweighted Rating: -1.00.
