62nd Wyoming Legislature ★ 2014 Budget Session

HB0157, Tourism promotion.

Sponsors: Representative(s) Blevins, Davison, Gingery, Krone, Northrup, Petroff and Piiparinen and Senator(s) Burns, Christensen, Coe and Driskill

Comments

Creates a Wyoming rewards card, similar to corporate rewards programs. This is corporate welfare for an industry that does fairly well in Wyoming, and already gets far too much corporate welfare. This almost certainly can be done better by private enterprise.

A: This bill contains an appropriation of \$50,000 from the GENERAL FUND to the Department of Parks and Cultural Resources. If this is such a good idea why hasn't the tourist industry in Wyoming already instituted this kind of a program? This smells like the seed for a government boondoggle!
