62<sup>nd</sup> Wyoming Legislature ★ 2014 Budget Session

## **HB0168, Stop common core initiatives in Wyoming.**

Sponsors: Representative(s) Jaggi, Davison, Halverson, Kroeker, Miller and Watt and Senator(s) Dockstader, Meier and Nutting

### **Comments**

Great idea, stop the Common Core standards. Not the best bill to do it; see HB 97.

U: The fiscal or personnel impact is not determinable. Governmental centralization is always inimical to Liberty. Ignoring the provisions of the Constitutions of the USA or of the State of Wyoming almost always promotes the centralization of governmental power and damages Liberty. This bill is a step in the right direction. The intent is to get the national government's unConstitutional nose out of the education of Wyoming students, at least insofar as it is related to what is known as the Common Core Standards. That said, there is still a long way to go to giving the important elements of education back to the parents of students and the school boards.
