

Wyoming Liberty Index

62nd Wyoming Legislature ★ 2014 Budget Session

HB0171, Automobile title loans.

Sponsors: Representative(s) Krone

Comments

More licensing, more regulation, more bureaucratic interference in the right to bargain in a free market.

U: The fiscal or personnel impact is not determinable. This bill is something of a mixed bag. This creates a new type of loan and the associated regulation which can be construed as limiting the freedom of contracts. On the other hand, it can be seen as providing consumer protection within the limits of this new type of loan. The relative pluses and minuses are sufficiently obscure that we will call this one Liberty neutral, albeit with a grimace.

Weighted Rating: -1.00. Unweighted Rating: -1.00.
