Comments

First, the money. The legislature spent far too much money. Second, the legislature seems to think that federal funds and mineral taxes will flow in ever greater amounts for ever. Third, the process is badly broken when legislators are wondering if leadership has put something over on them and when nine page amendments (read: bills) are approved. Finally, there is a complete disconnect between income and outgo. This cannot continue.

A: A lot of bucks. A significantly mixed bag.

Weighted Rating: -1.50. Unweighted Rating: 1.00.
