62nd Wyoming Legislature ★ 2014 Budget Session

SF0032, Education-professional development and training.

Sponsors: Senator(s) Landen

Comments

Limits the professional training days away from the school room during the semester. This is probably an improvement. Other than tax money spent on professional development vs. time in the classroom, there is no real liberty issue here.

Weighted Rating: 0.00. Unweighted Rating: 0.00.
