62<sup>nd</sup> Wyoming Legislature ★ 2014 Budget Session

## **SF0085, Trespassing to collect data.**

Sponsors: Senator(s) Hicks and Driskill and Representative(s) Barlow, Greear and Hunt

### **Comments**

Creates the offense of trespassing to collect data, with a fine up to \$5,000 and a year in jail. Trespass is trespass, and there is a general rule at law that one cannot benefit from an illegal act, such as data obtained by trespassing. This clarifies that general rule and applies it to a specific situation. So a good bill.

Weighted Rating: 1.00. Unweighted Rating: 1.00.
