62nd Wyoming Legislature ★ 2014 Budget Session

SF0108, Obamacare relief.

Sponsors: Senator(s) Scott, Anderson, JL S28 and Craft and Representative(s) Barlow

Comments

Yet another government intrusion into the health care insurance market. The bill creates the "Wyoming temporary medical welfare program". Sure it will be temporary. This is re-arranging the deck chairs on the Titanic. Repeal Obamacare and other government meddling, and let the market work.
