62<sup>nd</sup> Wyoming Legislature ★ 2014 Budget Session

## **SF0111, Firearm background checks-mental health records.**

Sponsors: Senator(s) Emerich and Representative(s) Gingery

### **Comments**

Oh, just what we need: yet another centralized database of sensitive personal data, ready for the bad guys to crack. And then feed it to the feds so they can put it into another database ready for someone to crack. Wyoming is dead last in providing the feds with data to support their over-reaching gun control laws. Let's keep it that way!
